

XXII DAE-BRNS HIGH ENERGY PHYSICS SYMPOSIUM 2016

Department of Physics & Astrophysics, University of Delhi

December 12 - 16, 2016

The DAE-BRNS High Energy Physics (HEP) Symposium is a premier event held every other year in India, supported by the Board of Research in Nuclear Sciences (BRNS), Department of Atomic Energy (DAE), India. The symposium will consist of parallel & invited plenary sessions. A poster session will also be held to provide an opportunity to the young researchers to showcase their research. The deliberations, from both experimental & theoretical perspectives, are expected to cover a variety of topics in particle physics, astroparticle physics, cosmology and related areas.

TOPICS

STANDARD MODEL PHYSICS

(including ELECTROWEAK, FLAVOUR PHYSICS)

BEYOND STANDARD MODEL PHYSICS

HEAVY ION PHYSICS & QCD

NEUTRINO PHYSICS

PARTICLE ASTROPHYSICS & COSMOLOGY

FUTURE EXPERIMENTS & DETECTOR DEVELOPMENT

FORMAL THEORY

SOCIETAL APPLICATIONS: MEDICAL PHYSICS, IMAGING, etc.

NATIONAL ORGANISING COMMITTEE
